\*Statistics for the current quarter and biennial were obtained from License2000 (L2K) on 10/14/05. Information in the L2K system is updated nightly and therefore is one day behind, reflecting the ending numbers from the previous day.

\*\*The average age of cases closed is a measurement of how long it takes, on average, for a case to be processed from entry to closure. If the comparison between time periods shows a negative change then the average time to process a case has decreased.
